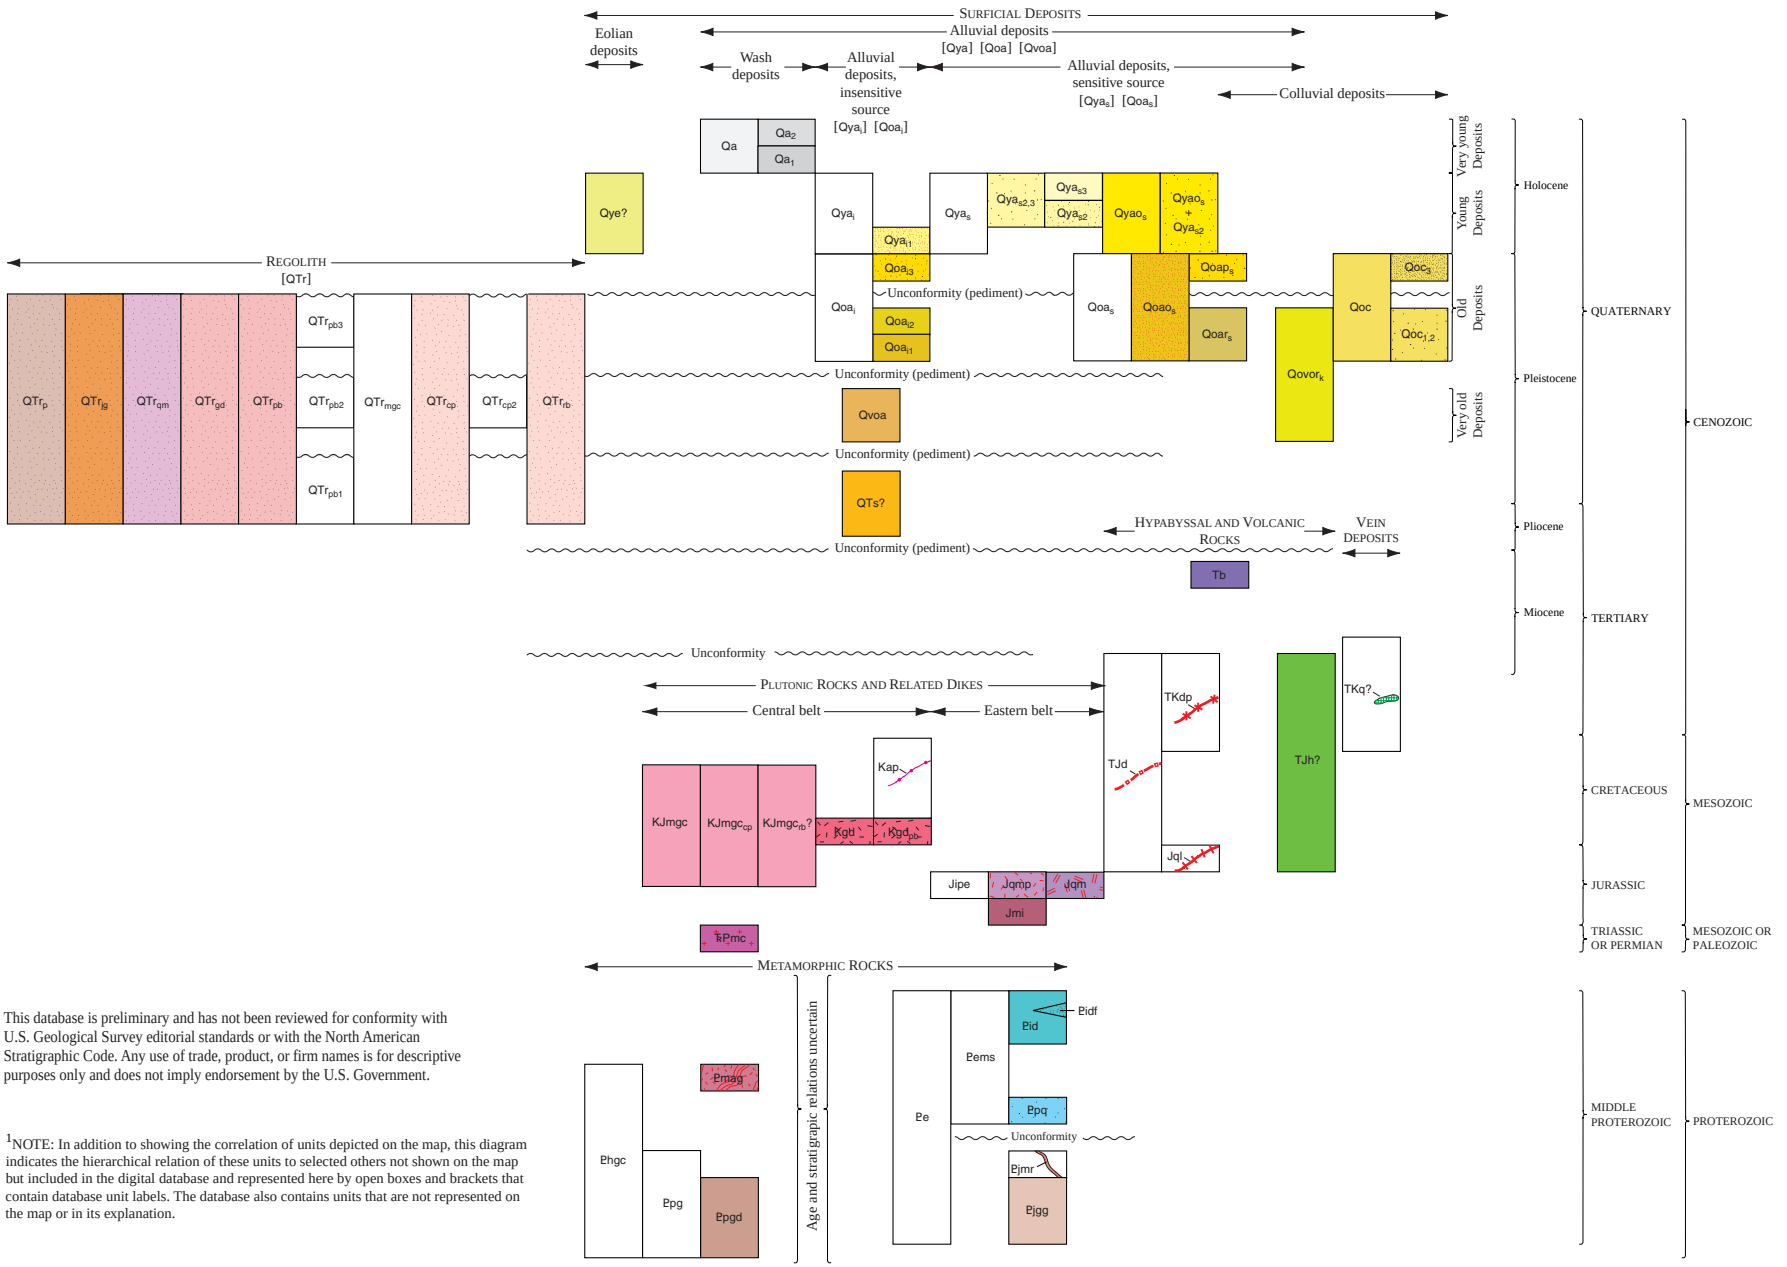
CORRELATION OF MAP AND DATABASE UNITS[1]



This database is preliminary and has not been reviewed for conformity with U.S. Geological Survey editorial standards or with the North American Stratigraphic Code. Any use of trade, product, or firm names is for descriptive purposes only and does not imply endorsement by the U.S. Government.

[1]NOTE: In addition to showing the correlation of units depicted on the map, this diagram indicates the hierarchical relation of these units to selected others not shown on the map but included in the digital database and represented here by open boxes and brackets that contain database unit labels. The database also contains units that are not represented on the map or in its explanation.
